STANFORD, LINCOLN COUNTY, KENTUCKY, TUESDAY, DECEMBER 10, 1912

TUESDAYS AND FRIDAYS

SENATORIAL COMMITTEE TO SETTLE CONTENTION

Anderson and Hamilton Leave Matter to Chairman of District as to Which Shall Run.

Col. Clifton H. Anderson, of Boyle county, and Hon. James I. Hamilton of Garrard rival candidates for the democratic nomination for State Senator, from this district, composed of the counties of Lincoln, Garrard, Boyle and Casey were here yesterday in the interest of their candidacy. Some discussion has been indulged in through the press and by the people generally as to what county has the right under the constitution order to name the nominee, and when the above named gentleman met here each one naturally contended that it was his county's time for the honor.

Finally they agreed to leave the matter to the senatorial committee of the district. This committee is composed of the chairmen of the several counties. Mr. Hamilton is chairman of Garrard, George L. Penny, of Stanford is chairman of the Lincoln county democratic committee, Chenneth Hagood is head of the Boyle county organization and Charles Montgomery is chairman in Casey county.

Mr. Penny, by virtue of Lincoln having the largest delegated vote, is chairman of the district and will call the committee together. He has not yet made up his mind when or where he will call the meeting but it is generally believed that Stanford will be the place, as it is more nearly the central point of the district and is convenient to all parties interested.

In the meantime there will be some tall talking by the candidates and their friends and the chairmen of the several counties will be very popular for the next few days. Inasmuch as Mr. Hamilton is chairman of his county committee, it is believed he will waive his right to cast a vote, and will put it up to the remaining three chairmen.

Casey Girl Suicides

Miss Octavia Godbey, the beautiful 17-year-old daughter of Mr. and Mrs. William Godbey, took her life early last Wednesday morning at her home near Humphrey, by discharging the contents of a shotgun in her body inflicting almost instant death. She left no note assigning her reason for the rash act, but it is generally accepted by her friends that it was a disappointment in a love affair.—Liberty News.

COUNTRY NEWSPAPERS LINING UP STRONG FOR BECKHAM.

Former Governor J. C. W. Beckham, Who Will Succeed Bradley Sure.

(Housing Green Messenger)

Editor J. C. W. Beckham has formally announced his candidacy for the Democratic nomination for the United States Senate, which will be run out in the state primary next August.

Both Mr. Leigh, the editor of the Messenger and Judge Hines, the business manager, served with Gov. Beckham during his entire term, and this is written after a consultation and expresses the views of both.

Governor Beckham ought to be sent to the United States Senate. We know him to be honest, capable, clean and efficient. He was swindled out of the place when four renegades, claiming to be democrats, voted for Bradley, instead of the nominee, the same point Judge Hines and Mr. Leigh have disagreed with Gov. Beckham, but these differences are not of a character to reflect on his honesty, nor will they ever become issues in the United States Senate, being related only to state politics.

Cropps Beckham was not an accident. He was born to rule. At the earliest age that man is eligible, he was elected in the legislature. Here he was not conspicuous, but very colleague knew his worth. He could have gone to congress at twenty-five years for his loyalty to a friend, who was a candidate. He was speaker of the house at twenty-eight. He was elected lieutenant governor at thirty. He was made governor by the last assassination of Gov. William Taylor a few months thereafter.

He found a party split in two by internal dissensions. For a year after a republican darkened the doors of the executive office. Many alleged democrats called him a usurper. He kept in the middle of the road and to his wise management he beat the most prominent republican in the state in the race for the unexpired term.

There are those who say he built up a machine. In some cases a machine is necessary. When a party is disorganized and broken to pieces, it is necessary for a guiding hand to keep it from falling over the precipice. Gov. Beckham found such a condition. Whether he always did the right thing is not proper here to discuss. He did what he thought was right with the lights before him.

The democrats of Kentucky owe it to him. He is the foremost Kentuckian alive today. He is abroad of the principles that are being taught out by the American congress. He is capable of getting into this battle for human rights.

Believing so, the Messenger has no hesitations in commending the candidacy of John Cropps Beckham to the democrats of Kentucky.

(Richmond Chimes)

Editor J. C. W. Beckham has announced for the Democratic nomination for U. S. Senator to succeed Senator Bradley. As the renegade was cheated, or rather sold out of the office before, it would be very fitting and just that he be elected this time. A great many of not Kentucky exchanges had announced for Mr. Beckham long before he had announced for his office.

(Winchester Sun)

Governor Beckham's formal entry into the race for the Senatorship seems to be meeting a hearty response all over the state. His announcement is couched in language dignified and earnest, such as have been all his written or spoken utterances. He shows his game spirit in saying to the democrats voters that he will appreciate their support, if they deem him fit and worthy, but that if they believe another can serve them better he will not hold it against them if they turn to another.

Gov. Beckham has some personal and political enemies, who will try to complicate his defeat, but somebody said of Governor Cleveland, "we love him for the enemies he has made." Politics is a game of love rather than of hate, and the candidate who has the support of those who love him generally wins over the candidate who has the support of those who hate the other fellow.

FOUR LINCOLN FANCIERS Enter Hens in Winter Egg Laying Contest Now on

Lincoln county has the most progressive poultry breeders of any in the state. And they are becoming more numerous every year. Two Lincoln fanciers participated in the egg laying contest conducted by the Louisville Evening Post last summer and three have entered in the contest which is being held for winter layers.

The three fanciers who were represented in the summer competition are also entered in the winter contest, one of them, Mrs. S. J. Embury, with two pens, as she is showing a pen of her great winter layers, the English Salmon Faverolles, as well as her prize Buff Orpingtons. A. C. Afford, the White Leghorn man, has confidence in his birds in winter as well as in summer, and has a pen of fine hens competing under his name in the winter list. C. S. Lyons, the well known miller on Hanging Fork is a great admirer of a believer in the black Langshans and has entered a pen of these strictly cold weather fowls. While none of the local entries is leading the classes as yet, all are well up "in the running" and are giving good account of themselves.

Kentucky Cardinals Entertain

The Kentucky Cardinals, delightfully entertained their many friends with a banquet Thursday evening in their handsome little club house in Maywood. After the prayer offered by Bailey Sampson, the guests were served a two course supper. The menu consisted of oyster soup, celery, olives and pickles, fried oysters, corn cakes, light bread and coffee.

After all had been served the toast master, Mr. Marion Fields called on Mr. J. W. Fields to give the welcome address. And when he had finished all felt that they were truly welcome. Mr. Fred G. Watkins was then introduced as secretary of the club, who read the constitution and bylaws. Several compliments were passed as to the ability of the Cardinals as to constitution making. The next speaker, Mr. Robert T. Watkins, the president of the club spoke on the organization and right well did he handle his subject. He plainly showed that the club was organized to improve the social conditions of neighborhood, to create a literary taste and also to broaden the minds of its members.

Mr. W. M. Fields, Dr. W. F. Watkins and Bailey Sampson made short talks and expressed pleasure at being there and complimented the Cardinals on the noble work they had started out to do.

The club house was very attractively decorated with the club colors light green and light pink. The following were present: Mr. and Mrs. W. M. Fields, Mr. and Mrs. W. F. Watkins, Mrs. Will Stephenson, Mr. Howard Newland and Miss Mary Walden Gooden, Mr. A. W. Sampson and Miss Pearl Fields, Mr. J. W. Fields and Mary K. Dudder, Mr. George V. Hale, and Anna Green Wood, Robert C. Watkins and Grace M. Fields, Mr. Marion Fields and Edith Watkins, Miss Ruth Fields and Lucille Dudder, R. N. Sampson, Bailey Sampson, S. L. Stephenson, Fred G. Watkins.

(Todd County Times)

Former Governor Beckham has announced his candidacy for United States Senator and there are something like 30,000 democrats in the state who will vote for him for the only reason that, five years ago, while the party's nominee for that exalted office, he was the victim of the greatest treachery perpetrated by a handful of political crooks whose conduct constitutes the most disgraceful chapter in the history of Kentucky politics.

Ought to be Nominated

The following from the Danville Advocate is endorsed in every word by the I. J. If the democrats of Garrard are wise they will nominate Mr. Walker, tho' at that, we have no word to say against his opponent. The Advocate says: Editor Green Chay Walker, of the Lancaster Record, has announced his candidacy for the County Attorneyship of Garrard county. Mr. Walker is well and favorably known to many people in this city, having spent several months in the offices of the Q. & C. route several years ago.

After leaving this city he went to Louisville where he took the law course, from the Louisville University and graduated among the highest in the class. Mr. Walker is an unusually bright young man and out of splendid business capacity and if the people of that county give him the office he seeks he will fill it to the satisfaction of all concerned and with credit to himself. He has engaged the services of Mr. R. L. Elkin as business manager of his paper in order that he may give time to his race.

The ladies of the Presbyterian church will hold their annual bazaar and exchange at the State Bank & Co. building on Friday, Dec. 13. The sale will begin at one o'clock, oyster soup, coffee and sandwiches will be served during the evening. All are invited.

How to Succeed

During the last few years, conditions in all lines of business, every professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well. So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years we have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it free of cost, before purchasing.

It is a physician's prescription. They have on file thousands of letters received from former sufferers who are now enjoying good health as a result of its use.

However if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper. They will gladly send you a sample bottle by mail absolutely free.

Is Peruna a Laxative?

I am in receipt of a letter from a mechanic who is at the head of a prosperous household. Peruna has been used in his family for a good many years. He writes as follows:

"As you know, we have used Peruna in our home for a number of years. We find it a reliable household medicine in catarrhal conditions, coughs, colds and grip, and many other ailments to which the family is subject. But since the change in the formula of Peruna I do not find it quite as useful to myself. My bowels are naturally very active. I cannot take a cathartic of any sort. It does me injury to do so. The old Peruna contained no cathartic ingredient and was therefore a very useful medicine to me. But I notice that the new Peruna has a slight laxative action, which almost makes it prohibitory for me to use. I was wondering if there was not some way in which I could obtain the old Peruna as you used to make it."

To this letter I made the following reply: "Yes, the new Peruna does contain a laxative element. You should therefore take the old Peruna (Ka-sar-no) which has no laxative quality. While prescribing the old Peruna I found it quite necessary frequently to prescribe the laxative Manalin in connection with it. Therefore Manalin was combined with Peruna, in order to meet those cases that require a laxative. But in case no laxative is required the objection to the new Peruna you speak of arises. Many of the people who used to take the old Peruna found difficulty in taking the new Peruna. To meet those cases I am having manufactured the old Peruna under the name of Katarno, and if you are anxious to get the old Peruna exactly as it used to be made you can do so."

PERUNA IS FOR SALE AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

HOW MIDWAY CAME TO LIFE

A \$20,000 Investment on Its
Boys and Girls.

IN MODERN SCHOOLHOUSE.

The Town Began Three Years Ago to
Realize the Importance of Conserv-
ing its Future Citizens' Health and
Mentality—Plenty of Room to Play.

Many rural communities feel that
any building and any grounds will do
for school purposes. These communi-
ties have never thought definitely how
far they have progressed in so many
other lines. The average man will say
when you press him for a reason for
the poor school equipment in his neigh-
borhood, "Well, that school was good
enough for me, and I reckon it's good
enough for my children." His own
house, his farming implements, his

A BEAUTIFUL MIDWAY.

burns and all else in his life have
changed from a "tallow candle and
homemade fall" age to an "electric
light and a steam thrasher" age.

Three years ago Midway and the sur-
rounding country began to think it was
time to have a twentieth century school
plant. They began to feel that it
would be well to have a building as
good as any of their churches. At
first the general public shook its head
and mumbled under its breath, but
gradually it began to see the wisdom
of the movement and at last voted the
funds necessary.

While the trustees planned a school
that should be a credit architecturally
they did not forget to buy enough
ground to give the energetic young
sters that were to be trained ample
elbow room. The beautiful building
stands well back from the turnpike
on five acres of fine blue grass land.
Behind and to one side of the school
building is a comfortable stable suited
to hold twenty four horses.

As is usual in school affairs all over
the country, the trustees built this
school with an idea of its taking care
of all the pupils in the district for the
next fifty years. Now, after only two
and a half years, they are beginning to
see the natural result of a fine grow-
ing school spirit among both children
and parents. Today five grade and two
high school teachers manage to teach
the 250 boys and girls that are en-
rolled. This number is just fifty more
than were enrolled last year. It is
now plain that the school will have
to add a new teacher each year to take
care of the steady increase, and in five
more years an addition will have to be
built to take care of the children. He-
sides this yearly increase, the trustees
claim that very few of those enrolled
even try to play truant. Ample play-
grounds, clean, warm schoolrooms,
comfortable single desks, light and
pleasant surroundings make school go-
ing less irksome, and the incentive
for "playing out" has been removed.

Several schools rolled into one make
many things possible. It allows the
school fund to pay for a reliable jan-
itor, who can heat, clean and care for
the property as it should be cared for.

MIDWAY'S SCHOOLS.

It provides teachers for the different
grades and makes efficient and strong
work. By bringing many children to-
gether it gives a chance for the child
to develop his social nature in a group
of his own age. That the school at
Midway is a success is to put the mat-
ter lightly. A school that has en-
rolled fifty new pupils this year, that
has added fifty children to the school
population of Midway, that makes the
renting of any kind of house in the
town an impossibility, that in two
and a half years does not show a
scratched wall or desk, is a huge suc-
cess.

Does all this answer the question of
investment? Can any one ever figure
exactly what strange, men and women
in a community are worth? The
school cost the community \$20,000. Is
the money a good investment for Mid-
way? The answer can only come by
asking any of the residents in the dis-
trict of those who are willing to send
their children five or six miles and
pay extra tuition to have them in a
real live twentieth century school.

Important Liquor Law

Expected from Congress

Washington, Dec. 10.—Represent-
ative Yates Webb, of Tennessee will
make a determined effort to secure
action on his liquor bill early in the
short session of congress. He will
attempt to secure final action on his
measure by the time the senate has
disposed of the Kenyon-Sanders bill
which has been set for a vote De-
cember 16. The Webb bill and the
Kenyon-Sanders bill prohibit the
shipment of liquor into prohibition
states for illegal purposes. Senators
Sanders and Kenyon are expected to
get aggressively behind their meas-
ure as soon as congress meets.

Congressman Webb introduced his
measure nearly three years ago. Lat-
ter, what is known as the Kenyon-
Sheppard bill was introduced. It
simply embodies the Webb bill with
an added section providing that
there shall be no property right in
such liquor while in the possession
of any railroad or express company
or other common carrier in connec-
tion with any shipment or transpor-
tation thereof in violation of this
act.

The Sheppard section was stricken
by the senate judiciary commit-
tee and the Sanders amendment giv-
ing to the states police powers over
unlawful shipments was accepted.

Mr. Webb has good reason to believe
that the house judiciary committee,
of which he is ranking member, and
the house leaders will interpose no
hindrance to action on his measure.

With the Kenyon-Sanders bill and
the Webb bill passed by the two
houses, the minor differences be-
tween the two measures would be
adjusted in conference.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Overworked, run-down, "fagged out" women who feel as though they could hardly drag about, should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion."

"One of my friends advised me to take Vinol, and it has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol." Marie Richter, Detroit, Mich.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effect of Vinol. We guarantee Vinol to build you up and make you strong. If it does not, we give back your money.

Cattle for the court day markets here Monday began coming in late Saturday afternoon and by dark there were about 400 quartered at Nunnally's big stock pens near the depot. Buyers were on hand early and those who came in after 9 o'clock Monday morning found the pick and choice of the Saturday consignment had been taken up by the out of town buyers.

A fair market prevailed, however, throughout the day. Logan Thompson disposed of a bunch of feeders to Hill, of Garrard county, at 5 3-4 cents. Mitchell Taylor, of Boyle, bought of J. D. Whitehouse, of the same county, a bunch of 100 pound cattle at 5 3-4 cents.

Rose & Littrell, of Clark county, and Peel Bros., of Jessamine, stole a bunch on the others and by early "candle light" picked up good bunches weighing all the way from 400 to 700 pounds at prices ranging from 4 to 6 cents.

G. E. Lutes sold to James McOmack, of Casey county, a bunch of steers at 5 cents. F. L. Thompson sold to McWhorter, of Garrard, a lot of good heifers at 4 3-4 cents. They weighed 500 lbs.

Rankin and Son of Hubble, shipped to Odessadale, Ga., last week a carload of mules bought here at prices ranging around \$150. Reports from the Southern market are not very encouraging and shippers are refraining from sending large consignments south.

J. E. and R. T. Bruce delivered hogs weighing 280 pounds at \$18 to Dick Gentry, of Boyle, 20 contract hogs weighing 280 pounds at \$8 per hundred, 2 to J. S. Baughman weighing 460 each at \$7.50, 1 to Dick Farmer weighing 500 pounds at 7 cents the red listed stock.

Wm. Matheny, of the southern part of the county, bought of different parties a bunch of stock shoats at 5 1-2 cents, and sold to Peel Bros., of Jessamine, a good lot of 700-pound heaves at 5 1-4.

B. D. Holtzelaw, of the Walnut Flat section, bought of Latham & Burton, of Pulaski, a drove of 20 700-pound steers at 5 cents. Holtzelaw delivered to Nell Coleman, of Mercer county, a bunch of 900-pounders at 5 cents.

Josiah Anderson, of the French-croville section, sold to Lawson & Brown, the Garrard traders a bunch of 11 hogs, that averaged 135 each. They paid him six cents a pound for the porkers.

James Yowell, of the West End, delivered to J. D. Whitehouse, the Boyle county trader, a bunch of 35 700 pound cattle average, for which he received 5 1-4 cents. J. N. Vanhaak sold to Hatfield Bros., a pair of yearling males for \$180. Mrs. Broadbush, out on the Danville pike, sold to J. A. Spangmore some fat hogs at 6 1-2 cents.

Shade Wilder, who has ten acres on Senator R. L. Hubble's farm, of what is said to be the finest white burley tobacco grown in Kentucky this season, refused a bona fide offer of 15 cents a pound for it here Saturday. He says he is holding it at 29 cents a pound. He believes that his crop will weigh close to 20,000 pounds. Experts, who saw this tobacco early in the season, predicted that it would make a magnificent crop and Mr. Wilder is said to have obtained as good results with it as were expected. He is undecided as yet whether to sell it privately or take it to the Danville or Lexington breaks.

W. P. Kineid, the well known local tobacco buyer, paid Harry D. Frye, of the Hedgeville section, 13 cents a pound, for his crop, last week. Mr. Frye had about 3,000 pounds of the weed, and had it in nice shape. He will deliver it to the buyer at the warehouse here.

R. C. Arnold, the local stock dealer, bought of H. B. Davis, two fat cows weighing 2,000 pounds paying \$3.65 for them; of J. B. Paxton an 800 pound cow at 3 1-2, of J. B. Sears, one weighing 87 pounds at 3; one of John Houch that weighed 1,000 pounds, at 4; a Jersey of Mrs. Craig bought at \$40 and one of F. Myers weighing 900 pounds at 3 1-4 cents.

Black Leg Kills Calf.

Like Phillips, of the Walnut Flat section, lost a calf last week from black leg. The animal showed signs of sickness late Thursday afternoon and died in a few hours. Mr. Phillips upon investigation found that the trouble was black leg, and immediately vaccinated all his other cattle. A year ago he lost a steer from the same cause but vaccination prevented any further spread of the malady. Farmers and cattle dealers generally would do well to use every precaution against the spread of this contagious and deadly disease. Mr. Phillips has no idea where or how the calf became infected.

When you have a bilious attack take Chamberlain's Tablets, a trial. They are excellent. For sale by G. L. Penny.

Freak Ear or Corn

J. M. Goodie brought to this office five Saturday an ear of corn raised on his farm near Washen, that is indeed a freak of nature. The ear is not of extra length, being only 10 inches, but the circumference is exactly equal to the length and there are three distinct sizes of kernels on the cob, giving it the appearance of having been in its growing state at least 2 separate ears and some pressure having brought them together, it consolidated into one. The cob is not round, but is round from all appearances and on different parts are to be found clusters of about half a dozen kernels, each of which are somewhat separate from the rest. The freak weighs 1 3-4 pounds, contains 28 rows and is very highly prized by Mr. Goodie.
